Please, please, don't out me as among the gang of reclusive millionaire lawyers facilitating your revolutionary agenda.

Actually, Barrett Brown is the most un-secretive person I have ever encountered. Day after day he lays it all out on the net. Anyone on earth with some free time can go online and reconstruct Barrett's day-to-day activities, associates and medications, as well as an obviously-painful-to-some full exposition of Barrett's thoughts.

Remember in the late 90's those folks who put cheapie web cams in every room of their apartments and we watched them 24/7? Maybe you should do that and save our nation hundreds of thousands of dollars to surveil you.
